

# Chalkboard

When you want to give up a big project or job, it helps to break it down into small achievable steps.  
Use this chalkboard to help you keep your eyes on the prize and finish!

## You need:

- A piece of wood – this is going to be the surface of your chalkboard, so make sure it's the size and shape you want
- A mixing bowl with a lid
- Something to mix with – a stick
- 1/4 C paint – any colour, but the darker the better – Stu used black
- 1 Tbs corn flour
- 30 mls water
- A paintbrush
- Something to protect the table or bench you are working at

## Method:

1. In the bowl, mix the paint, corn flour, and water thoroughly.
2. Using the paintbrush, paint the sides and flat surface of your board with the mixture.
3. Make sure there is an even coverage of paint over your board.
4. Leave to dry.
5. Use chalk to create your 'To Do List'.
